SMARTPHONE HOLDER WITH WIRELESS CHARGER

The new generation smartphone holder impresses with its height-adjustable and removable wireless charger. The charger can not only be perfectly fitted to different smartphones, it can also be used separately in a variety of places. (Technical specification can be found on the back of this sheet)

MOUNTING SYSTEM

The Clip can easily be attached and removed to/from the air vent lamellas. The viewing angle can be adjusted individually and allows the use in landscape or portrait format.

HOLDER

The side arms* open by simply pressing the button. Suitable for smartphones with a width of 54 to 86 mm. Guide rails on both sides allow an uncomplicated „plugging“ as well as adjusting the Wireless Charger.

**soft plastic (TPE); protect from scratches, provides extra grip and prevents annoying rattling noises*
